

HIGHLIGHTS 2020

# Industry Standards

Invest Europe develops market-leading, practical guidance “by the industry, for the industry”, covering areas including responsible investment, investor reporting and valuations. We support members’ aspirations to operate in line with good global industry practice.

## Highlights 2020

- Increasingly positioned Invest Europe as a key interlocutor with the European institutions on EU Sustainable Finance
- Pushed the development of the content for the first Invest Europe Climate Change Guide over the finishing line; the Guide will be launched in mid-March 2021
- Completed four of 11 action points within the Professional Standards Action Plan, and made good progress on all other points
- Established a special working group of leading GPs, LPs and advisers to develop succinct guidance for members on how to apply new ESG disclosure rules

7

consultation responses and comment letters, directly related to bold sustainability & ESG disclosures

346

members participated on the IPEV Board’s Special Covid-19 Valuation Guidance Member Policy Call
